3. In the notes of the Dewan's tour in the Kolar District for the month of March 1914, it is observed that the request of the villagers of Devarayasandra for the abolition of the Union and to have a Village Improvement Committee instead may be considered.

They have attempted the formation of drains here & there & removed & reset the old drains in some parts in the main street, & have removed imperfectly some prickly pear. I have got an estimate of the work done by them prepared & submitted herewith & it amounts to Rs 41-12--

There is still much more to be done. The drains are quite full & there are pits & ruts full of filth & drainage water in the main street itself & heaps of garbish are found deposited here & there in the village & prickly pear is also found. No sweeper is employed to sweep the streets & clean the drains.

Cyc 1058/15 I Camped at Devarayasamudram twice after the
13.8.15 receipt of the order, 10853 D 5.3.15 (Enhancement) and tried to take Co-ercive measures
for the recovery of the Union Assessment. Not one of the
Devarayasamudram people is for the Union being
retained. They are all, in a body, against the Union
administration. I therefore considered it advisable
to give them a reasonable time to consider and
told them that I would be giving them again, only to
adopt co-ercive measures without fail. They represented
that the population of Devarayasamudram proper was
only somewhere between 600 & 700, that the village was a poor
village and, that the Union had been thrust on them and
that they would go up to the Deputy Commissioner and
represent their grievances once again. I said they might
do just as they liked but told them in clear terms that
I would take very severe measures against them if they
should not pay up the Union arrears in one months time.

Evidently they have approached the Deputy Commissioner
below. Personally I beg to submit, that I am respectfully of
opinion that as the Union has been literally thrust on them
and not even a single meeting has been held ever since its
inception, it is no use forcing this Union on the people. Now
Since Government have however been made to assume the
Collection of Assessment too would a portion be undesirable
be a fall to recede. I should therefore respectfully
suggest that the amount of arrears due may be treated
as a Contribution from the people of Devarayasamudram
towards opening out roads and drains in the Village
under the Village improvement Scheme Contributing 1/4 share

from Government as in case in the case of other Jodi Villages. This work is very essential and I am sure that the people will easily understand & come forward to undertake to do the work within a prescribed time contributing money or labour to the extent of arrears due. The Hearth may be ordered to be abolished. By doing this the Authorities will be placed in the Awkward Situation either. The Amount due on this date is Rs 767-8-0.

Orders are solicited.

Letter No. 787, dated the 26th March 1914, from the Deputy Commissioner, Bangalore District, soliciting instructions as to whether grants-in-aid under Government Order No. 6058-6107—L. R. 430-13-1, dated the 6th February 1914, may be paid for the improvement of alienated villages.

No. R. 8749-58—L. R. 430-13-16, DATED BANGALORE, 9TH MAY 1914.

ORDER THEREON.—The principle is to treat it as the duty of the Inamdar, who enjoys the benefit of a partial or a total assignment of the revenues of the village, to provide the expenditure required for the improvement of the inam village ; but in actual practice this obligation is seldom enforced. As the inhabitants of an inam village deserve also to be assisted in carrying out works of permanent improvement in the village, such as sinking drinking water wells, execution of masonry drains and constructing buildings, school houses, etc., Government are pleased to direct that, as a special case, grants-in-aid not exceeding one-fourth of the total cost of the work may be sanctioned for inam villages, provided a village committee has been appointed in the village and not less than half the cost of the proposed improvement has been paid by the villagers and the other one-fourth by the Inamdar or the villagers.
